In the turn for home, the contestants came like a detachment of artillery, with Belma and Advance Guard neck and neck with Blues, while Monograph had all but quit. Into the stretch they rushed and straightened out for the finish. Relma still set a heart-breaking pace, while Advance Guard made a desperate hid for the place of honor, but the good little filly refused to quit and passed under the wire a winner by a scant neck. Advance Guard, on whom Tommy Burns had the mount, and who was second choice in the betting, heat out Johnny Madden's Pentecost a length for recond money. Pentecost came up with a rush at the finish and looked all over a winner had there been a few more yards to cover.

J. Sidney Walker got away with the Kindergarten Stakes for 2-year-old coits in handy fashion. He was thred, doing his best and did not seem to favor mud, but he won a long way off. Pettijohn was second and Lacy Crawford, who took to the mud-better than any of them, third, close up and coming fast.

and Lacy Crawford, who took to the mudbetter than any of them, third, close up and coming fast.

They say that Shiney Walker is a mudder. He did not act like it. The face was a procession after he got out of the tangle at the start.

Bucclenth was The Republic's good thing. As good as 5 to 1 could be had against him. Hilee, though not a mudder, and a notorious quitter, was backed from 6 to 5 to 4 to 5. He got off badly, was much used in the first half, but quit when challenged. Buccleuth and Four Lenf C. fought it out and the Hayes colt won. The Republic advised its readers that 5 to 2 would be a good price against him. It would have been, Yet ha was 5 to 1. Those who followed The Republic's tip and bet on him had plenty of money to play the other four winners The Republic gave them.

Wallabout at 7 to 10 walked in front all the way with the third race at a mile and one-half. Hughle McCarren bet his Fwadway market stall on him. He won all the way.

She made good, but the effort killed her and she tired in the stretch. Christine A., a real good filly, who might have won in any cuse, came on and galloped home. She was well played at 6to 1.

TRUE WEALTH. The heart it hath its own estate.
The mind it hath its wealth unfold;
It needs not fortune to be great.
While there's a coin surpassing gold.

No matter which way fortune leans, Wealth makes not happiness secure; A little mind hath little means, A narrow heart is always poor.

CHRISTIAN BROTHERS WIN CHAMPIONSHIP

Well-Played Horses Win Every Score the Highest Total of Points in the State Intercollegiate Meet.

THE REPUBLIC'S TIP IN FRONT. JACKSON BROTHERS DO WELL.

Both Score Many Points for Their College—O'Flynn and Fleming Run for St. Louis University.

> Christian Brothers' athletes easily retained the State intercollegiate championship in the annual field games yesterday, totaling 58 points in the meet to 31 scored by the American School of Osteopathy, the victors' closest competitors. At nearly every branch of athletics the Brothers proved their superiority. The Jackson brothers were among the chief

point corners for their college. William Jackson put up one of the most closing event, the relay race, which he prac-tically won for his college. Starting fully thirty yards behind Rader of the State Normal, his opponent in the heat, he mad

He was in the first flight for a while then stopped and backed up to stretch, then came with a dazzingly burst of speed and won going away. Ed Row was heavily backed to win. He showed well till his bad leg gave way, then stopped.

Nearest, bad legs and all, was suited to the scing in the sixth race. She broke fast and in front, while Jake Weber, the contender, broke badily and away back, Miss Golightly assumed a lone lead up the back stretch. She does not like more than fee and one-half furlongs. When Nearest got ready she came away and won by six lengths at 3 to 1, next to Buccleuth, the best thing of the day. Mr. Millier, who ran second with our Lady, bid the duckey-legged old mare up from 890 to 31.00. Mr. Hughes kept her.

Red Apple went up in the betting in the last event, while old Branch was backed as if it was all ever from 8 to 2. Dominick got Apple of flying, while Henderson got Branch into a mint of trouble at the first turn, mismanaged him in generally and was only fourth. Eugenia S. well-played by the Texas people, was held at 29 to 1 and was 4 to 1 to show. She should have won, but O'Neill allowed Dominick on field from the per contender.

St. Louis University's Winners.

William O'Flynn and Pleming were the point winners for St. Louis University. The Grand avenue college had but five men competing, with two of these. Waish erd O'Nelll, figuring in only the 100-yard dash. O'Flynn showed to advantage in the quarter-mile, a longer distance than any in which he has yet figured, and gives promise of considerable ability in this distance. He finished third in the event, but ran a well-judged race, and was coming rapidly at the close.

Fleming of St. Louis University also showed great speed in the 440, keeping close to the front throughout and finishing strongly, close behind Hastidt, the winner, in the 880 he also finished second and closed strongly. McGarthy put up too great a burst of speed at the close, however. Crowley proved the mainstay for the Kirksville team, and he won points a various events. He won the 120-yard hurdle easily, and finished second in the running broad jump, clearing D feet 17 inches to the 21 feet 7 inches made by Doherty, the winner. He won his heat in the 220-yard hurdle, and captured the event by default from Doherty and H. W. Jackson, The Brothers desired to save Jackson for later events, and, as they had a margin in points at the time, they allowed Crowley to take first place without competition. By running second and third in trial heats with Doherty and Jackson, they totaled four points in the event to twe scored by Kirksville.

About the only dull event of the day was the 16-pound hammer throw, which proved rather uninteresting on account of the ground being slippery from the heavy rain of the morning, the men could not keep their balance while whirling the hammer, and Jackson was the only competitor to pass 100 feet. His best throw was 105 feet 644 inches. Craig was second with a throw of 36 feet 7 inches and Mahaffey was third with 91 feet 5 inches.

H. Jackson and Dan Dillon were practically the only competitors in the pole vault. H. Jackson and Dan Dillon were practi-cally the only competitors in the pole vault. Jackson won, clearing 112 inches to Dillon's 108 inches. Loughlin of the A. S. O. entered the competition merely to get third place and I point for his college. Moll a Good Sprinter.

Moll of the School of Mines showed himself to be a good sprinter by capturing the 100-yard dash in rather clever fashlon, although Deming was closing fast at the finish. Moll's style in both this event and the 20-yard dash proved effectual, consisting as it did in making his sprint from the start and gatting a wide lead on his competitors. He won the 220-yard dash by a considerable margin from Longinotti.

In spite of the heavy rain of the morning, the cinder tracks were in splendid condition and showed no effects of the downpour. The field was muddy in spots, however, making the take off for the broad jump and for the pole vault extremely slippery. Flve points were credited each college for a win, three points for a second and I point for a third position in each event. The attendance was slim, owing to the unpleasant weather of the morning.
